

2020 Summer Math Resources and Assignments

Grade 1 – Please see the 1st Grade Summer Math button on the Summertime Learning page for a packet of worksheets that can be used for practice over the summer and turned in on the first day of school. 🐼

Grade 2 –

- IXL: <https://www.ixl.com/signin/stv>
Use St. Vincent username and password from last year. Practice 2 skills a week.
- Memorize addition and subtraction facts 1-10.

Grade 3 – Continue Reflex Math and try to get TWO green lights a week.

Grade 4 – It is important for the success of your child in Math to have mastered Multiplication and Division by 5th grade. Please use the following resources to improve Math skills over the summer:

- Reflex Math: <https://accounts.explorelarning.com/reflex/student>
Use the 3rd grade login, St. Vincent username and password
- IXL: <https://www.ixl.com/signin/stv>
Use St. Vincent username and password
- Khan Academy: <https://www.khanacademy.org>
<https://khankids.zendesk.com/hc/en-us/articles/360004559231-Welcome-to-Khan-Academy-Kids>

Grade 5 – Please see the 5th grade Summer Math button on the Summertime Learning page for some optional math practice to help keep your skills sharp.

- IXL: <https://www.ixl.com/signin/stv>
Use St. Vincent username and password from last year.
Practice 2 skills a week.
- Also, practice your multiplication and division facts. You will get quickly behind in 5th grade math if you do not know your basic facts.

Grade 6 –

- IXL-use same username and password
Recommend practicing 3x's/week to keep up with skills
- Practice multiplication facts
- Summer Prep Packet – See 6th Grade Summer Math button on the Summertime Learning page.
Print off and show all work. Complete at least 50% of each page.
Worth 10 extra credit points if turned in the first week of school!!

Grade 7 – This is an optional review assignment that students may turn in by the end of the first week of school. I will take a completion grade on this assignment that will help student's grades but, if not completed, will not hurt a student's grade. Regardless of completing the assignment, I strongly encourage students to review the topics listed in the assignment using the resources provided to help them be best prepared for 7th grade Math. Can't wait to meet all of my students and get to know their families!
- Mrs. Scudder

Grade 8 -

- Go to Khan Academy <https://www.khanacademy.org/>
 - Do not worry about logging in or creating an account.
 - In the upper left corner, select the drop down menu for Courses
 - Select the course titled “Get Ready for 8th Grade”
- Click on the 4 topics listed to help review concepts and prepare you for next year!
- As an extra challenge, take the “Course Challenge”!

Students who were in the Bravo, Charlie, or Delta courses last year:

- It would also be beneficial to complete the “Get Ready for Algebra 1” course in Khan Academy
 - There are 6 topics listed in this course.
 - It is possible that some of these topics are more of a preview rather than review material. Feel free to give them a try!
- This course has a “Course Challenge” as well to try.
